

PROJECT RECHARGE SPONSORSHIP OPPORTUNITIES

In an effort to show our appreciation and gratitude to our funders, Envirolution will acknowledge sponsors through our website, newsletters, and promotional materials such as program flyers, videos and community events. In addition, sponsors will be acknowledged as indicated in the sponsor options below.

\$1,000 – CONTINUING SUPPORT FOR 1 HIGH SCHOOL

- Provides 2 established Project ReCharge high school teachers with all classroom resources, updated curriculum and ongoing assistance to reach over 300 students! (That's only \$3.33 per student!)
- Additional sponsorship recognition on material kits provided to that high school

\$2,500 – CONTINUING SUPPORT FOR 1 MIDDLE SCHOOL

- Provides 5 established Project ReCharge teachers with all classroom resources, updated curriculum and ongoing assistance to reach over 750 students! (That's only \$3.33 per student!)
- Additional sponsorship recognition on material kits provided to that middle school

\$5,000 – SPONSOR ANNUAL CURRICULUM UPDATE

- Provides for annual updates of the Project ReCharge curriculum based on the latest relevant science and technologies, as well as from teacher feedback
- Keeps the curriculum updated and not outdated
- Reaches all new and existing Project ReCharge teachers and lessons to over 10,000 students
- Additional sponsorship recognition on all curriculum binders and updates

\$10,000 – SPONSOR A NEW PROJECT RECHARGE TEACHER

- Provides 1 new Project ReCharge teacher with the following:
 - 8-12 weeks of hands-on STEM lessons and activities, making their jobs easier and fun!
 - 45 hours of valuable professional development with the option for 3 UNR graduate credits
 - All the classroom resources required to teach the inquiry based STEM lessons- they keep these materials for use year after year with annual updates
- Additional sponsorship recognition on all curriculum binders and updates, and updated materials to that teacher's school

\$15,000 – SPONSOR STUDENT DEVELOPED EFFICIENCY PROPOSALS

- Provides Project ReCharge students with:
 - Assistance from Envirolution staff and energy experts in identifying, analyzing and verifying potential efficiency projects throughout the school
 - Equipment and energy efficient items to assist the school district in implementing approved projects
- Additional sponsorship recognition in all press releases and media coverage during project implementation

\$25,000 – SPONSOR PROFESSIONAL DEVELOPMENT FOR 25 NEW TEACHERS

- Provide 25 new Project ReCharge teachers with the following:
 - 30 hours of hands-on professional development training led by experienced Master Teachers
 - Project ReCharge curriculum binders, making lesson planning for their school year easy
- Additional sponsorship recognition on all curriculum binders and updates, and updated materials to all participating schools

Envirolution's Project ReCharge augments the basic school districts' STEM curricula to provide greater educational and potential career opportunities for students, with a clear focus on sustainability. Based on results to date, it's a win-win-win for students, teachers, and the community. Please consider your tax-deductible sponsorship (20-8274660) as being an integral part of continuing and expanding this unique program in Northern Nevada.
